DRUGS AND DRINK!

Dr. Edwin L. Tons, a Former Fort Wayne Citizen, Strangles Himself to Death With Strips Torn From His Sheet.

CHICAGO, Sept. 17.—Dr. Edwin L. Tons yesterday morning was found lying on the floor of his room, at the Washingtonian home, strangled to death. He had committed suicide in a most determined manner.

He was admitted to the home last Tuesday, a victim to the use of opium, cocoaine and beer. He was a wreck, mentally and physically. His body was emaciated and his limbs were almost nothing but skin and bones. He was brought to the home by a brother who lives in Fort Wayne, Ind. Dr. Tons said he had indulged in drugs and alcohol for two years. He took the morphine by means of injections and his limbs were covered with tiny scars made by the hypodermic syringe. He was gifted with a good constitution and seemed to improve under the treatment received at the home. He was cheerful and wanted more food than was allowed him. It was not considered that he required watching, and at 10 o'clock Saturday night he was left in his room.

At some time during the night he tried to strangle himself with a towel which was in the room. He wrapped it around his neck and with an end of the towel in either hand in vain struggled to choke himself into unconsciousness. He made no noise but took the sheet from the bed and tore two strips from it at either side where the selvage made the fabric stronger. These he tied together with a noose at one end. The other end he tied to the foot board of the bed and sitting on the floor slipped the noose over his head. He then threw himself backward and held himself there until he strangled to death. He was found in that position yesterday morning.

Dr. Tons had been a resident of Chicago for five or six years. He formerly lived at 338 Washington boulevard and had an office at 242 State street. Before he came to Chicago he had been successful in his profession and was accounted as possessing considerable ability. But he began to take opium and cocoaine and to drink beer to excess, and began to lose many of his patients and fall in the social scale. He moved to 694 West Van Buren street, but he did not pay his rent and was forced to leave there several weeks ago. The household furniture was shipped to Dayton, Ohio, and Mrs. Tons went to Cleveland, while her husband roomed at 339 Van Buren street.

Since the breaking up of the home which he failed to maintain Dr. Tons had been an outcast, giving way to his passions and making a wreck of himself. When he was entered at the Washingtonian home he was comfortably, but wore no jewelry and had probably spent everything he had for drugs and drink.

Dr. Tons was forty-five or fifty years of age, and had no children. The superintendent of the home said yesterday that when the course of treatment had brought the man back to his right senses remorse over his past life and the breaking up of his home had probably influenced the act of suicide. The coroner held an inquest this morning.

MR. PARNELL!

The Charges Made by the Times Against Him and Other Irish Members Being Investigated.

LONDON, Sept. 17.—The commission appointed by parliament to examine into the charges made by the Times against Mr. Parnell and other Irish members of the house of commons opened its first session this morning. Two hundred reporters, representing provincial, London and American newspapers, obtained tickets of admission.

Judge Hannen stated briefly the scope and nature of the principles on which the commission proposed to conduct the inquiry. The commission held that the inquiry should be restricted to the charges that were made the cause of the O'Donnell-Times action.

They proposed, in the first instance, to make the inquiry as though it were an issue between Mr. O'Donnell and the Times, reserving to themselves the power to call anybody who might be able to throw light on the issues therein involved. The inquiry would be carried on in accordance with the rules of ordinary courts.

The court thought that the details against the persons the Times accused ought to be given. The court had determined to enter thoroughly into the inquiry and follow it out to the end.

A question having arisen as to the producing of the letters received by the Times, the commission retired to deliberate. Upon resuming their sitting Judge Hannen said the commission, having considered the question as to whether it was empowered to order the discovery of the documents, it was of opinion it had power to direct such discoveries. The commission would take upon itself the right to consider what documents it would be right for Sir Charles Russell's clients to inspect.

AN INCENDIARY FIRE.

Breaks Out in a Kentucky Town at Midnight and Causes a Loss of $200,000.

CINCINNATI, O., Sept. 17.—A special from Paducah, Ky., says that after 12 o'clock, midnight, a fire was discovered in Rikopf's saddlery establishment. By delay in the alarm and an accident to the water works, the fire department was slow in getting to work and the building was destroyed. The fire extended to other buildings, making the total loss $200,000

The principal losers are Rikopf & Co., $70,000; J. L. Allard, $40,000; German National bank, $25,000; Ellis & Riedy, $50,000. The insurance will not cover one-half the loss.

The cause of the fire is traced almost positively to incendiarism.

A CATHOLIC PRELATE.

Rt. Rev. Bishop Dwenger in the Cathedral Pulpit.

Rt. Rev. Bishop Dwenger preached a great sermon at the Cathedral yesterday morning. In the course of his remarks the distinguished prelate referred to his approaching visit to Rome. He spoke of the pleasure of meeting the pope, of the many sacred and holy points of interest in the Eternal City, and said that he would remember ever and often the people of this diocese in his prayers. The mission to Rome is to present to the holy father, a report of the Fort Wayne diocese and it can not fail to be a pleasant duty, for its growth has been marvelous under the bishop's care. Few men combine the business tact and acknowledged ability that characterizes the head of the Fort Wayne diocese, and few men, indeed, are more highly honored than is Rt. Rev. Bishop Dwenger.

THE SENTINEN wishes him a safe and profitable voyage.

SENATOR VOORHEES.

He Will Address the People of Fort Wayne Thursday Evening.

Mr. Voorhees is one of the greatest orators of the day, and, as Indiana's greatest representative, deserves a royal welcome.

The Jeffersonians owe it to their reputation to greet him 2,500 strong.

Death of E. L. Tons, M. D.

Yesterday afternoon Mrs. Henry Tons, of No. 40 East Jefferson street, received a dispatch announcing the death of her oldest son, Dr. E. L. Tons, of Chicago, Ill. Dr. Tons will be remembered as a well-known former citizen of this city. He came here with his parents from St. Louis, Mo., when a little child, where he received his early training. When a young man he spent some time at the German collegiate institute of the Reformed church, near Sheboygan, Wis., and afterwards continued his studies at Heidelberg college, in Tiffin, O. On leaving this institution he began the study of medicine until he was admitted to the practice of his chosen profession by the proper authorities.

For some time he practiced medicine in company with Dr. S. B. Woodworth; later he lived for some time at Bremen, Ind. From there he again moved to Fort Wayne, where he conducted a drug store in company with Mr. Wm. Moellering, jr., at the corner of Lafayette and Lewis streets. About six years ago he moved to Chicago, Ill., where he again took up the practice of medicine, in which he successfully continued until two years ago, when his health began to fail. From that time on he labored under difficulties. For the last two or three months he suffered much, until death came to his relief on Sunday last. He was thirty-nine years old and leaves a wife, but no children. The remains will be brought here for burial and the interment will be in Lindenwood, beside his father, the late Henry Tons. Funeral services will be held at No. 40 East Jefferson street to-morrow afternoon at 3 o'clock, conducted by Rev. C. F. Kriete, of Salem Reformed church.

Mr. Bob Learmonth.

Mr. Bob Learmonth, who for several years has held the position of private secretary to C. D. Law, superintendent of the west division of the Pittsburg, Fort Wayne and Chicago railway, left last evening on No. 8, for Buffalo, having accepted the position of chief clerk to General Superintendent Bartlett, of the Buffalo, Rochester and Pittsburg railway.

As a token of remembrance and an expression of good will, a large crowd of his friends were at the station to make his departure a source of pleasant recollection, and if the abundance of red fire and other pyrotechnis displays were any evidence of friendship, Bob can leave Fort Wayne with the assurance of many regrets from a legion of friends, who at the same time are glad that the change is greatly to his benefit.

The writer has know Bob for several years and can say that his ability is unquestioned and that personally and socially he is one of the best fellows in the world.

To-night at the railroad and factory fair, Miss Mary Randall will present her doll dance. This is something original in Fort Wayne and will evidently excite a great deal of interest.

SUNDAY SERMONS.

Rev. Kennedy Discourses Upon School Teachers and Their Rights, and Rev. Woolpert Upon the Divine Law of Gifts.

"School Teachers, Their Duties and Their Rights" was the subject of the sermon preached last evening at the Third Presbyterian church by the pastor, Rev. D. S. Kennedy. It was a timely topic, because it is the season of the year when the schools all over the country are opening for another year of instruction and the speaker handled it in an able and eloquent manner.

Defining education as the developing of the whole man, the body, the soul and the mind, and as the drawing out of the faculties God had put in him; he spoke of the duty to whom this difficult task was assigned and explained how the responsibility of the education of the young was taken from the family and the state, upon whom the burden rests, and placed in the hands of the teacher.

They take the place of the parents and the state in the education of the young mind and upon their faithful performance of the duty depends the future welfare of the country, as their pupils are the ones who will be its future citizens and rulers. It is the duty of the teachers to educate the body, the mind and the soul of the young and in the discharge of this duty their rights should be untrammelled.

In this connection the speaker advocated corporeal punishment when neccessary and the right of the teacher to instruct the pupil in religion and morals for the proper forming of character.

He insisted that teachers should thoroughly prepare themselves for their avocation, and having done so, should be paid the best of remuneration. They cannot be over-paid. The teachers in this city to-day are not paid what they should be and $40 a month, which most of them receive, is not an equivalent for the service they give and the talents which they possess.

After thus discussing their rights the speaker turned to the duties of the teachers and said they ought to be models in society and the world and should devote themselves to their profession with earnestness and a consecration. The sermon was a grand and practical one and we are only sorry that we have not the space and the ability to give more of the thoughts uttered by the eloquent speaker in the discussion of the interesting subject.

THE DIVINE LAW OF GIFTS.

Rev. D. C. Woolpert, the pastor of the Berry Street M. E. church, took for the subject of his sermon yesterday morning, "The Divine Law of Gifts," and preached a powerful and interesting discourse on it from the text "Covet earnestly the best gifts, and yet shew I unto you a more excellent way."

In discussing it, he said, in substance, that all real gifts are of God and are bestowed upon us that good may come to men. He bestows his gifts as He wills and in seeking them it should be done with the purpose that we too may become Christlike in character and use them in the advancement of the kingdom of heaven among men.

God does not bestow His gifts upon all alike. He has sent some to be apostles, others to be prophets, others to be teachers in the church. Some fill one place and some another as their gifts are different. Effort can not create gifts, but it can develop those we have in germ when born, and if the proper use were made of the gifts God has given us, there would be fewer failures in the world among the sons of men.

It is not the avocation in life that makes our career an honored one. The honor or the dishonor of work depends upon the worker, his spirit and his purpose. Devotion makes our calling an honorable one. The carpenter's bench is in itself as sacred as the pulpit. Jesus was both preacher and carpenter and glorified both callings, because, in the love of God and man, he did his best in each, and, if like Him, we use our gifts in their fullest developed capacity we shall make our life a blessing and our calling an honorable one.

The pastor continued in the same eloquent strain and in speaking of the second phrase of his text, said that no man obtains the best gifts without love in his heart. Love to others should be the guiding principle of our life, and if carried out in all our acts and deeds, the world to us and to others would be brighter, happier and more successful in every way. Love is one of the best gifts of God to man. It is religious to be kind and loving to our fellow men and he who loves God must love his fellow men.

Rev. Woolpert closed with an eloquent plea to his hearers to "love one another" and among other things said that every morning we should pray the Father, not so much to be protected from sickness, death, or even hell, as for so much of his love in our hearts that we may make life brighter and sweeter that day to some tired soul—that we may be saved from the sin and shame of wounding any loving heart, of crushing any inspiring hope, by any caprice of selfish temper, or biting of bitter words. There is no true living without love. And it must be so, for of God, who is the source of life, it is said, "He is love."

Luxuriant Hair

Can only be preserved by keeping the scalp clean, cool, and free from dandruff, and the body in a healthful condition. The great popularity of **Ayer's Hair Vigor** is due to the fact that it cleanses the scalp, promotes the growth of the hair, prevents it from falling out, and gives it that soft and silky gloss so essential to perfect beauty.

Frederick Hardy, of Roxbury, Mass., a gentleman fifty years of age, was fast losing his hair, and what remained was growing gray. After trying various dressings with no effect, he commenced the use of Ayer's Hair Vigor. "It stopped the falling out," he writes; "and, to my great surprise, converted my white hair (without staining the scalp) to *the same shade of brown* it had when I was 25 years of age."

Ten Years Younger.

Mrs. Mary Montgomery, of Boston, writes: "For years, I was compelled to wear a dress cap to conceal a bald spot on the crown of my head; but now I gladly lay the cap aside, for your Hair Vigor is bringing out a new growth. I could hardly trust my senses when I first found my hair growing; but there it is, and I am delighted. *I look ten years younger.*"

A similar result attended the use of Ayer's Hair Vigor by Mrs. O. O. Prescott, of Charlestown, Mass., Miss Bessie H. Bedloe, of Burlington, Vt., Mrs. J. J. Burton, of Bangor, Me., and numerous others.

The loss of hair may be owing to impurity of the blood or derangement of the stomach and liver, in which case, a course of **Ayer's Sarsaparilla** or of **Ayer's Pills**, in connection with the **Vigor**, may be necessary to give health and tone to all the functions of the body. At the same time, it cannot be too strongly urged that none of these remedies can do much good without a persevering trial and strict attention to cleanly and temperate habits.

JUDGE GRESHAM is back from Europe and General Harrison did not send him a welcome card.

THE railroad and factory fair deserves public patronage. It is for a noble purpose and is besides meritorious.

COL. I. B. McDONALD, in a letter to the Gazette, gives his version of the recent presidential poll on the G. A. R. train, about which there was some question. The colonel held his report of the vote as correct.

PRESIDENT CLEVELAND denies in a letter that he ever uttered the expression, "I believe in free trade as I believe in the Protestant religion," and of course, the Gazette will remove the falsehood from the head of its editorial columns.

HON. P. S. O'ROURKE is on record in the newspapers a hundred times on the tariff question, but the Gazette refuses to find space for any of his unanswerable tariff reform arguments. It contents itself by styling him a "free trader," an assertion not in accordance with his utterances.

THE sewers of the city are in great need of cleansing. The rains of yesterday and the night previous were not sufficient and the city authorities should at once flush them. There is water enough to do service now and there is no excuse for the terrible and deadly gasses that come from the sewers.

IN THE New York dry goods house of Butler, Clapp, Wentz & Co., which was polled Friday, there are 125 voters, of whom seventy-five are for Cleveland and Thurman. Seven who were Blaine men in 1884 have now joined the democratic ranks, while but two who supported Cleveland and Hendricks now oppose the democracic nominee. This is the way the sentiment runs in the empire state.

THE Wesleyan Methodist conference which concluded its session at Mount Etna, Huntington county, last Saturday, held a sharp debate on the political situation. A vote was taken as to which party they should espouse, and it was decided by a vote of thirty-seven to seven to support the prohibition candidates. The action has caused much commotion in the radical ranks, as it is well known that many of the ministers were formerly republicans.

REV. J. S. HUGHES, the prohibition candidate for governor, some time ago submitted these questions to Rev. Ira J. Chase, the republican candidate for lieutenant governor:

(1) If you are elected will you do all in your power, as a republican and an officer, to destroy the saloon business in Indiana? (2) Will you do all in your power to enforce the Sunday laws in favor of a quiet and Christian Sabbath? (3) Will you do all in your power to secure the detection and punishment of all who trade or traffic in votes?

Of course, Rev. Mr. Chase has not replied to the interrogations. The scheme of the party is to shrink from an honest discussion of all public questions.

HARVEST HOME.

An Interesting Festival and Concert Given Last Evening at the Baptist Church.

The audience room of the First Baptist church was crowded last evening to witness the harvest home festival given by the Sunday school in behalf of state missions. A program had been arranged and dedicated to the board of the Indiana Baptist state convention by Pastor and Mrs. Northrop, and this was carried out last evening, as it was also by the Sunday schools of that congregation all over the state.

The church was handsomely decorated with flowers and green and the merry voices of the children, as they joined in their songs of praise, made the occasion a happy and delightful one. The participants in the program acquitted themselves proudly, and a handsome sum was raised by the collection for the cause of state missions.

Resolutions of Respect.

The Fort Wayne lodge No. 19, A. O. U. W. met last evening, and passed the following resolutions in reference to the death of their brother, Thomas Rehrer.

Whereas, death has been here and Brother Thomas Rehrer's spirit has been severed from its earthly habitation.

Resolved, That in Brother Thomas Rehrer we recognize all the virtues that make a noble life. He was brave, generous and kind, with a heart ever responsive to any call of his fellow man, and a hand ever ready to aid distress.

Resolved, That in the death of Brother Rehrer, the Ancient Order of United Workmen has lost one of its brightest members, and society a useful member.

Resolved, That we tender our deepest sympathy to his daughter in this hour of bereavment and affliction.

Resolved, That a copy of these resolutions be sent to his daughter, and be published in the daily newspapers of this city.

The harvest moon of 1888 is the full moon due next Wednesday. The harvest moon is so called because it rises from night to night after the full more nearly after sunset than any other full moon in the year, and hence is particularly helpful to farmers in securing their late crops. As many of the crops are backward this season the arrival of the harvest moon almost simultaneously with the nernal equinox is opportune for agricultural operations.

THE BAPTISTS.

The Fort Wayne Association Honors Pastor Northrop Again.

The Fort Wayne association of Baptist churches closed its session Thursday, at Columbia City.

Rev. S. A. Northrop, of Fort Wayne, was elected moderator for the sixth time and W. S. Harrison, of this city, clerk.

The association comprises twenty churches and nearly 2,000 members in that body, and there are thirty-two more of like numerical strength in the state, making between 50,000 and 60,000 Baptists in Indiana.

The meeting next year will be held in this city.

A SAD OCCURRENCE.

A nicely dressed gentlemen was walking along the street in Detroit a few days **since, and without any** warning fell upon **the sidewalk in a state of insensibility. He was placed in an ambulance and sent to the** hospital, where, upon examination, **it was** found that although in apparently **perfect** health his system had become **so reduced in** tone that nature was forced **to give** way. Such cases are becoming **alarmingly** common of late, and **to such an extent** as to demand serious attention **and** investigation. People have **slight headaches**, but consider them as nothing. **A tired** feeling they attribute to **the weather**. Occasional pains are thought **to be** only colds. But without any special **cause**, without any definite reason, **the vital** power of many people becomes **undermined** unknown even to the **people themselves**, and it is only when some **sudden giving** way and breaking down **occurs that** they realize the grave danger **they are in.**

One of the most important things for **sustaining** life and energy is albumen, **and yet** it must be taken into the system **in** proper form and quantity. How best **to do** this has been a study with scientific **men** for many years, and it has always **been a** vexed question. Professor Rose, **one of** the leading chemists of America, **has** succeeded not only in **preparing** an admirable form of **albumen**, but in actually subjecting **it** to the digesting process, so that **it is** ready at once to be incorporated into **the** system. This is called Peptonized **Beef**, and combined with hops, is given to **the** public in the form of Hoptonic. We **venture** to say that there is no preparation **of** modern times that contains so much **that** is strengthening, invigorating and **beneficial** as Hoptonic. For overworked **men**, delicate women and sickly children it **comes** not only as a tonic, but as a food. **It** revives the life that is at low ebb.

Stimulants are injurious; adulterated **and** badly prepared food clogs the system **without** nourishing; but albumen not **only** sustains life, but adds a vigor and **force** that are simply wonderful. Few **men** and fewer women realize how great **a** discovery this Hoptonic is; but it is **gratifying** to know that thousands are **understanding** it, and taking advantage **of** the opportunities offered by the introduction of this great discovery, and we **look** for grand results from its use in the **renewed** life of the American people.

Hay Fever.

I have been a great sufferer from hay fever for 15 years. I read of the many wondrous cures of Ely's Cream Balm, and thought I would try it. In fifteen minutes after one application I was wonderfully helped. Two weeks ago I commenced using it and now I feel entirely cured. It is the greatest medical discovery ever known or heard of.—Duhamel Clark, Lynn, Mass.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. QUEEN VICTORIA has won quite a reputation among English agriculturists as what may be called a royal farmer of the gentler sex. At the show of the Isle of Wight Agricultural Society recently she took three prizes for farm horses, one for Jersey cattle, and four for Down sheep, winning the champion prize for the best ram and the reward for the best pair of ewes.

DON'T SCOLD

a man for groaning when he has Rheumatism or Neuralgia. The pain is simply awful. No torture in the ancient times was more painful than these twin diseases. But—oughtn't a man to be blamed if, having Rheumatism or Neuralgia, he won't use Ath-lo-pho-ros, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not cure me of Rheumatism which had settled in the hips, neck and shoulders. So intense was the pain that sleep was almost impossible. The first dose of Athlophoros gave me relief, and the third enabled me to sleep for four and a half hours without waking. I continued its use, and am now well."

Bad Policy to Crow

Yet there are many conservative women who never try new ideas; they wait until an article has become the standard in its line—"until it can crow." To these women we want to say that PEARLINE has reached that point; it is now a necessity in millions of homes throughout the land.

INTELLIGENT WOMEN recognize its wonderful cleansing properties—admit that it is the modern soap—that it has no equal for ALL washing and cleaning purposes—that it effects a saving of time and labor—that by doing away with the worst of the rubbing it does away with the worst of the wear, and besides is absolutely harmless to fabric or hands.

Beware Peddlers and some unscrupulous grocers are offering imitations which they claim to be Pearline, or "the same as Pearline." IT'S FALSE—they are not, and besides are dangerous. PEARLINE is never peddled, but sold by all good grocers. Manufactured only by JAMES PYLE, New York.

SCIENTIFIC CHAT.

SCIENTISTS say that there is no plant that does not serve as food for some animal; but the only article used as food from the mineral kingdom is common salt.

IMITATION maple syrup is made from glucose by adding an extract obtained by soaking hickory or sometimes maple bark in water. The process, said to be patented, imparts the peculiar taste and smell of the real article.

A NEWLY-DISCOVERED Mexican flower is quite a wonder, if reports are true. It is said to be white in the morning, red at noon, and blue at night; and it is further credited with emitting perfume only at the middle of the day. It grows on a tree of the Isthmus of Tehuantepec.

THE study of birds has become a serious recreation in one of the large schools of Boston. The pupils go forth with opera glasses and learn to distinguish species and to notice their ways. In spite of cool weather, birds have taken possession of their nests at their accustomed time.

SCIENCE has claimed the sponge fishery of the Mediterranean. The native divers, who could stay under the water not more than two minutes, are being driven out by men in regular diving armor, who can work by the hour. A German professor has originated a method of planting cuttings from sponges, and it is being prosecuted with success.

IT is remarkable that after so much has been written and published in regard to early steam-navigation (especially ocean navigation, which is of comparatively recent date), it remains to be shown that the first regularly-built ocean steamer was constructed on this side of the Atlantic. Waiving all that has been claimed for the voyage of the Savannah, we now find that an American ship-builder constructed the first sea-going steamer that ever crossed the ocean, propelled wholly by steam. This was called the "Royal William," in honor of the "sailor king" who then reigned in England, and the Historical Society of Chicago has her original drawings on file in its archives.

THOMAS A. EDISON, the inventor, is now dividing his time between the joys of paternity and experiments upon a new electric flying machine which he has been commissioned by the Spanish Government to make for war purposes. The system will be one of revolving fans, to which power is supplied by means of a wire connecting with an electric dynamo on the earth. The fans are not only to propel, but lift the airship. Then with a properly-equipped car an officer can ascend and take photographs and sketches of the enemy's position, which will give a great strategic advantage to the Spanish commander. Mr. Edison is confident that his experiments will result successfully.

ACCORDING to Prof. Gould's investigations, it appears that the aerial telegraph wires on poles transmit electricity at the rate of from 14,000 to 16,000 miles per second, and that the velocity of the transmission increases with the distance between the wires and the earth, or in other words, with the height of suspension; and that subterranean wires, like submarine cables, transmit with reduced rapidity. Again, while the wires suspended at a feeble height are known to transmit signals at a velocity of some 12,000 miles per second, those that are suspended higher give a velocity of from 16,000 to 25,000 miles Wheatstone's claim of 288,000 miles, in his experiments, appears never to have been confirmed.

MUSTANG LINIMENT
MEXICAN MUSTANG LINIMENT cures all ailments of HORSES, MULES and CATTLE. Rub in!

A Suspicious Half-Dollar.

They were in Europe traveling. There was a mighty pretty maid in the hotel, and the wife early suspected the husband of a flirtation with her. The husband was always saying good things about the maid and giving her the highest character. The wife was not quite sure, but her suspicions were strong, and an opportunity came to help to verify them. She placed her purse one day in the bureau and went out. When she returned she went to look for it. It was gone. She thought the girl had taken it. When the husband came home she told him she had lost her purse and she was sure it had been stolen.

"Nonsense," said the husband. "Are you sure you left it there?"

"Quite sure; and look here, John, I want that purse."

"My dear, you can't have been robbed by her. I'm sure of that. You must have left your purse somewhere."

"I know where I left it; and look here, John, I want that purse."

She went out, and they did not meet till evening. When the husband came in he strolled carelessly up to the bureau and opened the drawer.

"Well, I declare," he said. "There, my dear, there's your purse just were you left it."

"Let me see it."

"It's all right, isn't it? The money's safe."

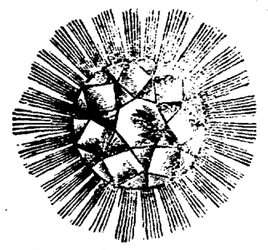

"Yes, John, the money's safe. There's $2 more in it than when I lost it, and, John, there's an American half-dollar in it."

John did not flirt any more with the maid.—*San Francisco Chronicle.*

"Nearly Everybody Reads It."

The Merchant reads the **Chicago Daily News** because he *must know* what's going on in the great business centres of the world, and he can't waste time hunting for it in a "blanket sheet."

The Farmer reads the **Chicago Daily News** because he makes more than $3.00 a year—one cent a day—by keeping promptly posted on the *variations* of the market,—he doesn't wait for the slow weeklies any more.

The Mechanic reads the Chicago Daily News because he knows that even in [illegible] the more general intelligence a man has the more he'll earn. The workingman can well afford a daily paper at "one cent a day."

Grandfather reads the **Chicago Daily News** because it gives all the news, and yet so condensed that it doesn't tire him out to read it. And then, the print is so clear.

Mother reads the **Chicago Daily News** because she wants to keep up with her husband in general information, and then she particularly enjoys the household hints and things of special interest to women which are in it every day.

Grandmother reads the Chicago Daily News because she still wants to know what's going on. And it's a comfort to see a daily paper in the family that's clean and pure,—one she's not afraid to have "the children see."

The Boys all want the **Chicago Daily News** because it gives the base ball news so fully,—to say nothing of all the other things boys enjoy. And this year even the boys don't skip the political news.

The Politician always reads the Chicago Daily News because its an impartial paper, and whether he likes its independent views or not, he wants to know the *truth*. He "supports" his particular party "organ," but when he wants cold *facts* he reads the CHICAGO DAILY NEWS.

The Girls all read the **Chicago Daily News** because they're specially interested in its chatty gossips about fashions and home matters, to say nothing about the excellent serial story always running.

The Post Office Review, says: "Nearly everybody who reads the English language in, around and about Chicago, reads the **Chicago Daily News.**" Do you? Its a "short and to the point paper,"—made particularly for busy people, and it costs one cent a day. All newsdealers sell it, and all postmasters forward subscriptions for it at $3.00 a year, or [illegible] four months. Address

A Manly Letter From President Cleveland.

PHILADELPHIA, Sept. 15—The following communication has been received by James Whiteley, of this city:

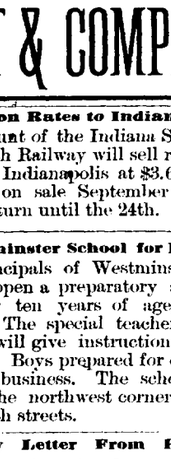

EXECUTIVE MANSION,
WASHINGTON, D. C., Sept. 13, 1888.

To James Whiteley, Esq.:

DEAR SIR:—Your letter of the 8th inst. has just been presented to my attention. It affords the first intimation I have had that in an article published in the North American Review I am charged with saying that I believe in "free trade as I believe in the Protestant religion." In answer to your inquiry as to the truth of this allegation, I have to say that I never made use of that expression, or one anything like it. The statement you quote is a pure and deliberate fabrication. While it would be in vain to attempt to crush out or refute every false statement coined or forged to serve the purposes of misrepresentation in the heat of a political canvass, the friendly spirit of your inquiry has led me to make this emphatic denial.

Yours very truly,
GROVER CLEVELAND.

LOCAL NEWS.

The new vestibule trains will be placed on the Wabash the first of next month.

Dr. S. H. McCormick has moved from 98 Calhoun street to Fisher & Co's. new building.

An old distillery at Huntington which has been trying to burn down for many moons, finally got there.

Conductor George Martin, of the Wabash, is at Louisville to recuperate. He has been ill for some time.

The fall meeting of the Fort Wayne Presbytery will be held at the Presbyterian church in Huntington, this week.

Mr. Louis Rastetter very royally entertained a party of friends at his pleasant home on Broadway yesterday afternoon.

Miss Rose Roles, of Logansport, who has been here on a visit to her friend, Miss Kate Neuffer, returned home last evening.

Rev. J. H. Kline, of Fort Wayne, preached at Huntington yesterday. The German Reform church there gave a mission feast.

Kosciusko post G. A. R., of Warsaw, had a special train of five cars and carried with them a band and drum corps, to the Columbus encampment.

Miss Anna A. Dickinson will speak in this city Oct. 2, for the republican party. Miss Anna is quite a talker, by the way, but we didn't think the republicans would be forced to such dire necessities.

The Warsaw Times says: "Misses Emma and Mary Mommer and Mrs. Flager, all of Fort Wayne, have been the guests of Miss Ella Clayton, of this city. They will return to their homes to-day."

The Huntington Herald says: "Mrs. Lizzie Geithler, who, with Mrs. Zahm, of Fort Wayne, visited Columbus, Ohio, returned last night, and this morning Mrs. Zahm returned to her home in Fort Wayne."

Butler university opened last week. It is evidence of prosperity when the colleges show an increased attendance, and that is the case this year. The State university, besides Butler and nearly all similar institutions in Indiana, opened last week or will this and the student has been abroad in force.

Mr. W. J. Scanlan is supported by very clever people, among them being O. Le Brasse, Millie Sackett, Stella Teuton, Mattie Ferguson, Thaddeus Shine, Nestor Lennon, Charles Mason, Joseph Rawson, John Swinburne, C. R. Webster and Alfred Morell. Mr. W. H. Brockway is the musical director.

The Lafayette Journal says: "Passenger train No. 43 on the Wabash, west bound, due here at 11:40 p. m., made one of the fastest runs on record last night. Andrews is seventy-eight miles east of here and the time from that city to this was eighty-one minutes, including seven stops. George Jenks was at the throttle and Al Cutter swung the lantern and punch. The passengers cut no figure in this run, as they were so awe stricken they could not express themselves. This is the best time that the Journal has ever heard reported on an Indiana railroad, and is certainly worthy of comment."

Has the Fidelity and Casualty Insurance company, of New York, a right to operate in more than one kind of insurance in Indiana? This is a question that has troubled the auditor of state not a little, and which is now receiving some consideration. The attorney general holds that in the case of the Fidelity (under the laws existing in New York and Indiana) the auditor of state should only license the company to do one kind of business in Indiana. The company is transacting four kinds of business. The auditor of state is out of the city, and upon what ground (unless it be that the New York law has not been enforced against any Indiana company and that there is no occasion for retaliation) he has admitted the Fidelity cannot be stated definitely.

There were five funerals yesterday.

Mayor Muhler sent two plain drunks to jail to-day.

Ives W. Leonard takes the position with Supt. C. D. Law, made vacant by the resignation of Mr. Robert Learmouth.

The Catholic Knights of this city will go to Andrews next Sunday to attend the dedication of a new Catholic church at that place.

Mr. W. J. Kerr, the pension attorney, suffered a stroke of paralysis Friday and is now confined to his bed at his home on South Calhoun street.

Celery growing is receiving much attention from farmers in northern Indiana. In Elkhart county the cultivation is becoming quite an industry.

William Gillette's "Legal Wreck," which is now making a successful run in New York city, will shortly take the road and probably be seen here.

Miss Mary Golden, of this city, is visiting friends at Kansas City. She will make a tour of the west with a party of acquaintances before returning home.

"Held by the Enemy" comes to the Temple Monday evening next. If all productions were as good af this there would be no need of a critic at the play.

The water main extensions on Charles, Hanna, Williams and DeWald streets have been completed and the work on East Lewis street has been commenced.

The supreme court of Indiana will meet next week. Since the adjournment in June, ninety-six cases have deen filed with the clerk of court. When the court adjourned for the summer vacation there were on the docket 1,063 cases. This gives a present total of undecided cases of 1,159. The court in one year decides on an average about 500 cases. It is seen, therefore, that it is now, as it has long been, at least two years behind in its work. The necessity for an appelate court that will relieve the supreme court of many cases and enable it to dispose of its business promptly has long been urged by members of the court and by the press. The attention of the legislature will be called to the situation this winter.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and Hood's Sarsaparilla is worthy your confidence. It is peculiar in that it strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. Give it a trial.

Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass.

Sunday morning, at 4:45 o'clock, an alarm from box 73 called the department to the corner of Taylor street and Broadway, where the planing mill of Heimkamp & Co. was ablaze. The structure was frame and, notwithstanding the heavy rain and deluge of water from the water mains, it burned like paper and in a few hours was completely wiped out.

DRUGS AND DRINK!

Dr. Edwin L. Tons, a Former Fort Wayne Citizen, Strangles Himself to Death With Strips Torn From His Sheet.

CHICAGO, Sept. 17.—Dr. Edwin L. Tons yesterday morning was found lying on the floor of his room, at the Washingtonian home, strangled to death. He had committed suicide in a most determined manner.

He was admitted to the home last Tuesday, a victim to the use of opium, cocoaine and beer. He was a wreck, mentally and physically. His body was emaciated and his limbs were almost nothing but skin and bones. He was brought to the home by a brother who lives in Fort Wayne, Ind. Dr. Tons said he had indulged in drugs and alcohol for two years. He took the morphine by means of injections and his limbs were covered with tiny scars made by the hypodermic syringe. He was gifted with a good constitution and seemed to improve under the treatment received at the home. He was cheerful and wanted more food than was allowed him. It was not considered that he required watching, and at 10 o'clock Saturday night he was left in his room.

At some time during the night he tried to strangle himself with a towel which was in the room. He wrapped it around his neck and with an end of the towel in either hand in vain struggled to choke himself into unconsciousness. He made no noise but took the sheet from the bed and tore two strips from it at either side where the selvage made the fabric stronger. These he tied together with a noose at one end. The other end he tied to the foot board of the bed and sitting on the floor slipped the noose over his head. He then threw himself backward and held himself there until he strangled to death. He was found in that position yesterday morning.

Dr. Tons had been a resident of Chicago for five or six years. He formerly lived at 338 Washington boulevard and had an office at 242 State street. Before he came to Chicago he had been successful in his profession and was accounted as possessing considerable ability. But he began to take opium and cocoaine and to drink beer to excess, and began to lose many of his patients and fall in the social scale. He moved to 694 West Van Buren street, but he did not pay his rent and was forced to leave there several weeks ago. The household furniture was shipped to Dayton, Ohio, and Mrs. Tons went to Cleveland, while her husband roomed at 339 Van Buren street.

Since the breaking up of the home which he failed to maintain Dr. Tons had been an outcast, giving way to his passions and making a wreck of himself. When he was entered at the Washingtonian home he was comfortably, but were no jewelry and had probably spent everything he had for drugs and drink.

Dr. Tons was forty-five or fifty years of age, and had no children. The superintendent of the home said yesterday that when the course of treatment had brought the man back to his right senses remorse over his past life and the breaking up of his home had probably influenced the act of suicide. The coroner held an inquest this morning.

MR. PARNELL!

The Charges Made by the Times Against Him and Other Irish Members Being Investigated.

LONDON, Sept. 17.—The commission appointed by parliament to examine into the charges made by the Times against Mr. Parnell and other Irish members of the house of commons opened its first session this morning. Two hundred reporters, representing provincial, London and American newspapers, obtained tickets of admission.

Judge Hannen stated briefly the scope and nature of the principles on which the commission proposed to conduct the inquiry. The commission held that the inquiry should be restricted to the charges that were made the cause of the O'Donnell-Times action.

They proposed, in the first instance, to make the inquiry as though it were an issue between Mr. O'Donnell and the Times, reserving to themselves the power to call anybody who might be able to throw light on the issues therein involved. The inquiry would be carried on in accordance with the rules of ordinary courts.

The court thought that the details against the persons the Times accused ought to be given. The court had determined to enter thoroughly into the inquiry and follow it out to the end.

A question having arisen as to the producing of the letters received by the Times, the commission retired to deliberate. Upon resuming their sitting Judge Hannen said the commission, having considered the question as to whether it was empowered to order the discovery of the documents, it was of opinion it had power to direct such discoveries. The commission would take upon itself the right to consider what documents it would be right for Sir Charles Russell's clients to inspect.

AN INCENDIARY FIRE.

Breaks Out in a Kentucky Town at Midnight and Causes a Loss of $200,000.

CINCINNATI, O., Sept. 17.—A special from Paducah, Ky., says that after 12 o'clock, midnight, a fire was discovered in Rikopf's saddlery establishment. By delay in the alarm and an accident to the water works, the fire department was slow in getting to work and the building was destroyed. The fire extended to other buildings, making the total loss $200,000

The principal losers are Rikopf & Co., $70,000; J. L. Allard, $40,000; German National bank, $25,000; Ellis & Riedy, $50,000. The insurance will not cover one-half the loss.

The cause of the fire is traced almost positively to incendiarism.

A CATHOLIC PRELATE.

Rt. Rev. Bishop Dwenger in the Cathedral Pulpit.

Rt. Rev. Bishop Dwenger preached a great sermon at the Cathedral yesterday morning. In the course of his remarks the distinguished prelate referred to his approaching visit to Rome. He spoke of the pleasure of meeting the pope, of the many sacred and holy points of interest in the Eternal City, and said that he would remember ever and often the people of this diocese in his prayers. The mission to Rome is to present to the holy father, a report of the Fort Wayne diocese and it can not fail to be a pleasant duty, for its growth has been marvelous under the bishop's care. Few men combine the business tact and acknowledged ability that characterizes the head of the Fort Wayne diocese, and few men, indeed, are more highly honored than is Rt. Rev. Bishop Dwenger.

THE SENTINEL wishes him a safe and profitable voyage.

SENATOR VOORHEES.

He Will Address the People of Fort Wayne Thursday Evening.

Telegrams to Hon. R. C. Bell and Dr. Geo. W. Long from Col. C. A. Zollinger to-day, announce that Hon. D. W. Voorhees, United States senator from Indiana, will be here Thursday evening to address the people of Fort Wayne on the questions of the day.

Mr. Voorhees is one of the greatest orators of the day, and, as Indiana's greatest representative, deserves a royal welcome.

The Jeffersonians owe it to their reputation to greet him 2,500 strong.

Death of E. L. Tons, M. D.

Yesterday afternoon Mrs. Henry Tons, of No. 40 East Jefferson street, received a dispatch announcing the death of her oldest son, Dr. E. L. Tons, of Chicago, Ill. Dr. Tons will be remembered as a well-known former citizen of this city. He came here with his parents from St. Louis, Mo., when a little child, where he received his early training. When a young man he spent some time at the German collegiate institute of the Reformed church, near Sheboygan, Wis., and afterwards continued his studies at Heidelberg college, in Tiffin, O. On leaving this institution he began the study of medicine until he was admitted to the practice of his chosen profession by the proper authorities.

For some time he practiced medicine in company with Dr. S. B. Woodworth; later he lived for some time at Bremen, Ind. From there he again moved to Fort Wayne, where he conducted a drug store in company with Mr. Wm. Moellering, jr., at the corner of Lafayette and Lewis streets. About six years ago he moved to Chicago, Ill., where he again took up the practice of medicine, in which he successfully continued until two years ago, when his health began to fail. From that time on he labored under difficulties. For the last two or three months he suffered much, until death came to his relief on Sunday last. He was thirty-nine years old and leaves a wife, but no children. The remains will be brought here for burial and the interment will be in Lindenwood, beside his father, the late Henry Tons. Funeral services will be held at No. 40 East Jefferson street to-morrow afternoon at 3 o'clock, conducted by Rev. C. F. Kriete, of Salem Reformed church.

Mr. Bob Learmonth.

Mr. Bob Learmonth, who for several years has held the position of private secretary to C. D. Law, superintendent of the west division of the Pittsburg, Fort Wayne and Chicago railway, left last evening on No. 8, for Buffalo, having accepted the position of chief clerk to General Superintendent Bartlett, of the Buffalo, Rochester and Pittsburg railway.

As a token of remembrance and an expression of good will, a large crowd of his friends were at the station to make his departure a source of pleasant recollection, and if the abundance of red fire and other pyrotechnic displays were any evidence of friendship, Bob can leave Fort Wayne with the assurance of many regrets from a legion of friends, who at the same time are glad that the change is greatly to his benefit.

The writer has know Bob for several years and can say that his ability is unquestioned and that personally and socially he is one of the best fellows in the world.

To-night at the railroad and factory fair, Miss Mary Randall will preside at her doll dance. This is something original in Fort Wayne and will evidently excite a great deal of interest.

SUNDAY SERMONS.

Rev. Kennedy Discourses Upon School Teachers and Their Rights, and Rev. Woolpert Upon the Divine Law of Gifts.

"School Teachers, Their Duties and Their Rights" was the subject of the sermon preached last evening at the Third Presbyterian church by the pastor, Rev. D. S. Kennedy. It was a timely topic, because it is the season of the year when the schools all over the country are opening for another year of instruction and the speaker handled it in an able and eloquent manner.

Defining education as the developing of the whole man, the body, the soul and the mind, and as the drawing out of the faculties God had put in him; he spoke of the duty to whom this difficult task was assigned and explained how the responsibility of the education of the young was taken from the family and the state, upon whom the burden rests, and placed in the hands of the teacher.

They take the place of the parents and the state in the education of the young mind and upon their faithful performance of the duty depends the future welfare of the country, as their pupils are the ones who will be its future citizens and rulers. It is the duty of the teachers to educate the body, the mind and the soul of the young and in the discharge of this duty their rights should be untrammelled.

In this connection the speaker advocated corporeal punishment when necessary and the right of the teacher to instruct the pupil in religion and morals for the proper forming of character.

He insisted that teachers should thoroughly prepare themselves for their avocation, and having done so, should be paid the best of remuneration. They cannot be over-paid. The teachers in this city to-day are not paid what they should be and $40 a month, which most of them receive, is not an equivalent for the service they give and the talents which they possess.

After thus discussing their rights the speaker turned to the duties of the teachers and said they ought to be models in society and the world and should devote themselves to their profession with earnestness and a consecration. The sermon was a grand and practical one and we are only sorry that we have not the space and the ability to give more of the thoughts uttered by the eloquent speaker in the discussion of the interesting subject.

THE DIVINE LAW OF GIFTS.

Rev. D. C. Woolpert, the pastor of the Berry Street M. E. church, took for the subject of his sermon yesterday morning, "The Divine Law of Gifts," and preached a powerful and interesting discourse on it from the text "Covet earnestly the best gifts, and yet shew I unto you a more excellent way."

In discussing it, he said, in substance, that all real gifts are of God and are bestowed upon us that good may come to men. He bestows his gifts as He wills and in seeking them it should be done with the purpose that we too may become Christlike in character and use them in the advancement of the kingdom of heaven among men.

God does not bestow His gifts upon all alike. He has sent some to be apostles, others to be prophets, others to be teachers in the church. Some fill one place and some another as their gifts are different. Effort can not create gifts, but it can develop those we have in germ when born, and if the proper use were made of the gifts God has given us, there would be fewer failures in the world among the sons of men.

It is not the avocation in life that makes our career an honored one. The honor or the dishonor of work depends upon the worker, his spirit and his purpose. Devotion makes our calling an honorable one. The carpenter's bench is in itself as sacred as the pulpit. Jesus was both preacher and carpenter and glorified both callings, because, in the love of God and man, he did his best in each, and, if like Him, we use our gifts in their fullest developed capacity we shall make our life a blessing and our calling an honorable one.

The pastor continued in the same eloquent strain and in speaking of the second phrase of his text, said that no man obtains the best gifts without love in his heart. Love to others should be the guiding principle of our life, and if carried out in all our acts and deeds, the world to us and to others would be brighter, happier and more successful in every way. Love is one of the best gifts of God to man. It is religious to be kind and loving to our fellow men and he who loves God must love his fellow men.

Rev. Woolpert closed with an eloquent plea to his hearers to "love one another" and among other things said that every morning we should pray the Father, not so much to be protected from sickness, death, or even hell, as for so much of his love in our hearts that we may make life brighter and sweeter that day to some tired soul—that we may be saved from the sin and shame of wounding any loving heart, of crushing any inspiring hope, by any caprice of selfish temper, or biting of bitter words. There is no true living without love. And it must be so, for of God, who is the source of life, it is said, "He is love."

Luxuriant Hair

Can only be preserved by keeping the **scalp** clean, cool, and free from dandruff, and the body in a healthful condition. The great popularity of **Ayer's Hair Vigor** is due to the fact that it cleanses the scalp, promotes the growth of the hair, prevents it from falling out, and gives it that soft and silky gloss so essential to perfect beauty.

Frederick Hardy, of Roxbury, Mass., a gentleman fifty years of age, was fast losing his hair, and what remained was growing gray. After trying various dressings with no effect, he commenced the use of Ayer's Hair Vigor. "It stopped the falling out," he writes; "and, to my great surprise, converted my white hair (without staining the scalp) to *the same shade of brown* it had when I was 25 years of age."

Ten Years Younger.

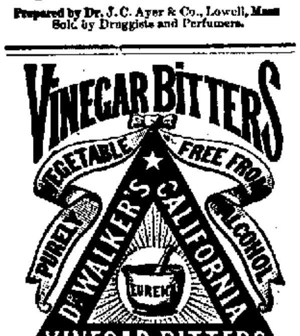

Mrs. Mary Montgomery, of Boston, **writes**: "For years, I was compelled to wear a dress cap to conceal a bald spot on the crown of my head; but now I gladly lay the cap aside, for your Hair Vigor is bringing out a new growth. I could hardly trust my senses when I first found my hair growing; but there it is, and I am delighted. *I look ten years younger.*"

A similar result attended the use of Ayer's Hair Vigor by Mrs. O. O. Prescott, of Charlestown, Mass., Miss Bessie H. Bedloe, of Burlington, Vt., Mrs. J. J. Burton, of Bangor, Me., and numerous others.

The loss of hair may be owing to impurity of the blood or derangement of the stomach and liver, in which case, a course of **Ayer's Sarsaparilla** or of **Ayer's Pills**, in connection with the **Vigor**, may be necessary to give health and tone to all the functions of the body. At the same time, it cannot be too strongly urged that none of these remedies can do much good without a persevering trial and strict attention to cleanly and temperate habits.

JUDGE GRESHAM is back from Europe and General Harrison did not send him a welcome card.

THE railroad and factory fair deserves public patronage. It is for a noble purpose and is besides meritorious.

COL. I. B. McDONALD, in a letter to the Gazette, gives his version of the recent presidential poll on the G. A. R. train, about which there was some question. The colonel held his report of the vote as correct.

PRESIDENT CLEVELAND denies in a letter that he ever uttered the expression, "I believe in free trade as I believe in the Protestant religion," and of course, the Gazette will remove the falsehood from the head of its editorial columns.

HON. P. S. O'ROURKE is on record in the newspapers a hundred times on the tariff question, but the Gazette refuses to find space for any of his unanswerable tariff reform arguments. It contents itself by styling him a "free trader," an assertion not in accordance with his utterances.

THE sewers of the city are in great need of cleansing. The rains of yesterday and the night previous were not sufficient and the city authorities should at once flush them. There is water enough to do service now and there is no excuse for the terrible and deadly gasses that come from the sewers.

IN THE New York dry goods house of Butler, Clapp, Wentz & Co., which was polled Friday, there are 125 voters, of whom seventy-five are for Cleveland and Thurman. Seven who were Blaine men in 1884 have now joined the democratic ranks, while but two who supported Cleveland and Hendricks now oppose the democracie nominee. This is the way the sentiment runs in the empire state.

THE Wesleyan Methodist conference which concluded its session at Mount Etna, Huntington county, last Saturday, held a sharp debate on the political situation. A vote was taken as to which party they should espouse, and it was decided by a vote of thirty-seven to seven to support the prohibition candidates. The action has caused much commotion in the radical ranks, as it is well known that many of the ministers were formerly republicans.

REV. J. S. HUGHES, the prohibition candidate for governor, some time ago submitted these questions to Rev. Ira J. Chase, the republican candidate for lieutenant governor:

(1) If you are elected will you do all in your power, as a republican and an officer, to destroy the saloon business in Indiana? (2) Will you do all in your power to enforce the Sunday laws in favor of a quiet and Christian Sabbath? (3) Will you do all in your power to secure the detection and punishment of all who trade or traffic in votes?

Of course, Rev. Mr. Chase has not replied to the interrogations. The scheme of the party is to shrink from an honest discussion of all public questions.

HARVEST HOME.

An Interesting Festival and Concert Given Last Evening at the Baptist Church.

The audience room of the First Baptist church was crowded last evening to witness the harvest home festival given by the Sunday school in behalf of state missions. A program had been arranged and dedicated to the board of the Indiana Baptist state convention by Pastor and Mrs. Northrop, and this was carried out last evening, as it was also by the Sunday schools of that congregation all over the state.

The church was handsomely decorated with flowers and green and the merry voices of the children, as they joined in their songs of praise, made the occasion a happy and delightful one. The participants in the program acquitted themselves proudly, and a handsome sum was raised by the collection for the cause of state missions.

Resolutions of Respect.

The Fort Wayne lodge No. 19, A. O. U. W. met last evening, and passed the following resolutions in reference to the death of their brother, Thomas Rehrer.

Whereas, death has been here and Brother Thomas Rehrer's spirit has been severed from its earthly habitation.

Resolved, That in Brother Thomas Rehrer we recognize all the virtues that make a noble life. He was brave, generous and kind, with a heart ever responsive to any call of his fellow man, and a hand ever ready to aid distress.

Resolved, That in the death of Brother Rehrer, the Ancient Order of United Workmen has lost one of its brightest members, and society a useful member.

Resolved, That we tender our deepest sympathy to his daughter in this hour of bereavment and affliction.

Resolved, That a copy of these resolutions be sent to his daughter, and be published in the daily newspapers of this city.

The harvest moon of 1888 is the full moon due next Wednesday. The harvest moon is so called because it rises from night to night after the full more nearly after sunset than any other full moon in the year, and hence is particularly helpful to farmers in securing their late crops. As many of the crops are backward this season the arrival of the harvest moon almost simultaneously with the nernal equinox is opportune for agricultural operations.

THE BAPTISTS.

The Fort Wayne Association Honors Pastor Northrop Again.

The Fort Wayne association of Baptist churches closed its session Thursday, at Columbia City.

Rev. S. A. Northrop, of Fort Wayne, was elected moderator for the sixth time and W. S. Harrison, of this city, clerk.

The association comprises twenty churches and nearly 2,000 members in that body, and there are thirty-two more of like numerical strength in the state, making between 50,000 and 60,000 Baptists in Indiana.

The meeting next year will be held in this city.

A SAD OCCURRENCE.

A nicely dressed gentlemen was walking along the street in Detroit a few days since, and without any warning fell upon the sidewalk in a state of insensibility. He was placed in an ambulance and sent to the hospital, where, upon examination, it was found that although in apparently perfect health his system had become so reduced in tone that nature was forced to give way. Such cases are becoming alarmingly common of late, and to such an extent as to demand serious attention and investigation. People have slight headaches, but consider them as nothing. A tired feeling they attribute to the weather. Occasional pains are thought to be only colds. But without any special cause, without any definite reason, the vital power of many people becomes undermined unknown even to the people themselves, and it is only when some sudden giving way and breaking down occurs that they realize the grave danger they are in.

One of the most important things for sustaining life and energy is albumen, and yet it must be taken into the system in proper form and quantity. How best to do this has been a study with scientific men for many years, and it has always been a vexed question. Professor Rose, one of the leading chemists of America, has succeeded not only in preparing an admirable form of albumen, but in actually subjecting it to the digesting process, so that it is ready at once to be incorporated into the system. This is called Peptonized Beef, and combined with hops, is given to the public in the form of Hoptonic. We venture to say that there is no preparation of modern times that contains so much that is strengthening, invigorating and beneficial as Hoptonic. For overworked men, delicate women and sickly children it comes not only as a tonic, but as a food. It revives the life that is at low ebb.

Stimulants are injurious; adulterated and badly prepared food clogs the system without nourishing; but albumen not only sustains life, but adds a vigor and force that are simply wonderful. Few men and fewer women realize how great a discovery this Hoptonic is; but it is gratifying to know that thousands are understanding it, and taking advantage of the opportunities offered by the introduction of this great discovery, and we look for grand results from its use in the renewed life of the American people.

Hay Fever.

I have been a great sufferer from hay fever for 15 years. I read of the many wondrous cures of Ely's Cream Balm, and thought I would try it. In fifteen minutes after one application I was wonderfully helped. Two weeks ago I commenced using it and now I feel entirely cured. It is the greatest medical discovery ever known or heard of.—Duhamel Clark, Lynn, Mass.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

a man for grumbling when he has Rheumatism or Neuralgia. The pain is simply awful. No torture in the ancient times was more painful than these twin diseases. But—oughtn't a man to be blamed if, having Rheumatism or Neuralgia, he wont use Ath-lo-pho-ros, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not cure me of Rheumatism which had settled in the hips, neck and shoulders. So intense was the pain that sleep was almost impossible. The first dose of Athlophoros gave me relief, and the third enabled me to sleep for four and a half hours without waking. I continued its use, and am now well."

Bad Policy to Crow

Yet there are many conservative women who never try new ideas; they wait until an article has become the standard in its line—"until it can crow." To these women we want to say that PEARLINE has reached that point; it is now a necessity in millions of homes throughout the land.

INTELLIGENT WOMEN recognize its wonderful cleansing properties—admit that it is the modern soap—that it has no equal for ALL washing and cleaning purposes—that it effects a saving of time and labor—that by doing away with the rubbing it does away with the worst of the wear, and besides is absolutely harmless to fabric or hands.

Beware Peddlers and some unscrupulous grocers are offering imitations which they claim to be Pearline, or "the same as Pearline." IT'S FALSE—they are not, and besides are dangerous. PEARLINE is never peddled, but sold by all good grocers.

Manufactured only by JAMES PYLE, New York.

SCIENTIFIC CHAT.

SCIENTISTS say that there is no plant that does not serve as food for some animal; but the only article used as food from the mineral kingdom is common salt.

IMITATION maple syrup is made from glucose by adding an extract obtained by soaking hickory or sometimes maple bark in water. The process, said to be patented, imparts the peculiar taste and smell of the real article.

A NEWLY-DISCOVERED Mexican flower is quite a wonder, if reports are true. It is said to be white in the morning, red at noon, and blue at night; and it is further credited with emitting perfume only at the middle of the day. It grows on a tree of the Isthmus of Tehuantepec.

THE study of birds has become a serious recreation in one of the large schools of Boston. The pupils go forth with opera glasses and learn to distinguish species and to notice their ways. In spite of cool weather, birds have taken possession of their nests at their accustomed time.

SCIENCE has claimed the sponge fishery of the Mediterranean. The native divers, who could stay under the water not more than two minutes, are being driven out by men in regular diving armor, who can work by the hour. A German professor has originated a method of planting cuttings from sponges, and it is being prosecuted with success.

IT is remarkable that after so much has been written and published in regard to early steam-navigation (especially ocean navigation, which is of comparatively recent date), it remains to be shown that the first regularly-built ocean steamer was constructed on this side of the Atlantic. Waiving all that has been claimed for the voyage of the Savannah, we now find that an American ship-builder constructed the first sea-going steamer that ever crossed the ocean, propelled wholly by steam. This was called the "Royal William," in honor of the "sailor king" who then reigned in England, and the Historical Society of Chicago has her original drawings on file in its archives.

THOMAS A. EDISON, the inventor, is now dividing his time between the joys of paternity and experiments upon a new electric flying machine which he has been commissioned by the Spanish Government to make for war purposes. The system will be one of revolving fans, to which power is supplied by means of a wire connecting with an electric dynamo on the earth. The fans are not only to propel, but lift the airship. Then with a properly-equipped car an officer can ascend and take photographs and sketches of the enemy's position, which will give a great strategic advantage to the Spanish commander. Mr. Edison is confident that his experiments will result successfully.

ACCORDING to Prof. Gould's investigations, it appears that the aerial telegraph wires on poles transmit electricity at the rate of from 14,000 to 16,000 miles per second, and that the velocity of the transmission increases with the distance between the wires and the earth, or in other words, with the height of suspension; and that subterranean wires, like submarine cables, transmit with reduced rapidity. Again, while the wires suspended at a feeble height are known to transmit signals at a velocity of some 12,000 miles per second, those that are suspended higher give a velocity of from 16,000 to 25,000 miles. Wheatstone's claim of 288,000 miles, in his experiments, appears never to have been confirmed.

A Suspicious Half-Dollar.

They were in Europe traveling. There was a mighty pretty maid in the hotel, and the wife early suspected the husband of a flirtation with her. The husband was always saying good things about the maid and giving her the highest character. The wife was not quite sure, but her suspicions were strong, and an opportunity came to help to verify them. She placed her purse one day in the bureau and went out. When she returned she went to look for it. It was gone. She thought the girl had taken it. When the husband came home she told him she had lost her purse and she was sure it had been stolen.

"Nonsense," said the husband. "Are you sure you left it there?"

"Quite sure; and look here, John, I want that purse."

"My dear, you can't have been robbed by her. I'm sure of that. You must have left your purse somewhere."

"I know where I left it; and look here, John, I want that purse."

She went out, and they did not meet till evening. When the husband came in he strolled carelessly up to the bureau and opened the drawer.

"Well, I declare," he said. "There, my dear, there's your purse, just were you left it."

"Let me see it."

"It's all right, isn't it? The money's safe."

"Yes, John, the money's safe. There's $2 more in it than when I lost it, and, John, there's an American half-dollar in it."

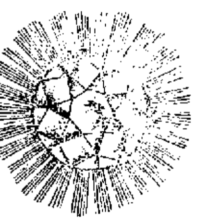

John did not flirt any more with the maid.—*San Francisco Chronicle.*

"Nearly Everybody Reads It."

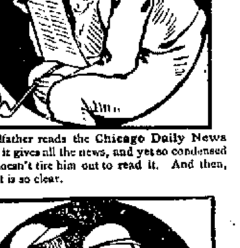

The Merchant reads the **Chicago Daily News** because he must know what's going on in the great business centres of the world, and he can't waste time hunting for it in a "blanket sheet."

The Farmer reads the **Chicago Daily News** because he makes more than $3.00 a year—one cent a day—by keeping promptly posted on the variations of the market,—he doesn't wait for the slow weeklies any more.

The Mechanic reads the **Chicago Daily News** because he knows that even in matters of handicraft the more general intelligence a man has the more he'll earn. The workingman can well afford his daily paper at "one cent a day."

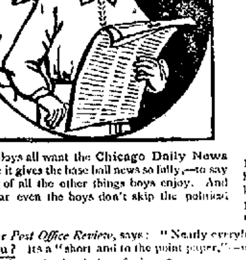

Grandfather reads the **Chicago Daily News** because it gives all the news, and yet so condensed that it doesn't tire him out to read it. And then, the print is so clear.

Mother reads the **Chicago Daily News** because she wants to keep up with her husband in general information, and then she particularly enjoys the household hints and things of special interest to women which are in it every day.

Grandmother reads the **Chicago Daily News** because she still wants to know what's going on. And it's a comfort to see a daily paper in the family that's clean and pure,—one she's not afraid to have "the children see."

The Boys all want the **Chicago Daily News** because it gives the base ball news so fully,—to say nothing of all the other things boys enjoy. And this year even the boys don't skip the political news.

The Politician always reads the **Chicago Daily News** because its an impartial paper, and whether he likes its independent views or not, he wants to know the *truth*. He "supports" his particular party "organ," but when he wants cold *facts* he reads the CHICAGO DAILY NEWS.

The Girls all read the **Chicago Daily News** because they're specially interested in its chatty gossips about fashions and home matters, to say nothing about the excellent serial story always running.

The Post Office Review, says: "Nearly everybody who reads the English language in, around and about Chicago, reads the **Chicago Daily News**." Do you? Its a "short and to the point paper,"—made particularly for busy people, and it costs one cent a day. All newsdealers sell it, and all postmasters forward subscriptions for it at $3.00 a year, or $1.00 for four months. Address

A Manly Letter From President Cleveland.

PHILADELPHIA, Sept. 15—The following communication has been received by James Whiteley, of this city:

EXECUTIVE MANSION,
WASHINGTON, D. C., Sept. 13, 1888.

To James Whiteley, Esq.:

DEAR SIR:—Your letter of the 8th inst. has just been presented to my attention. It affords the first intimation I have had that in an article published in the North American Review I am charged with saying that I believe in "free trade as I believe in the Protestant religion." In answer to your inquiry as to the truth of this allegation, I have to say that I never made use of that expression, or one anything like it. The statement you quote is a pure and deliberate fabrication. While it would be in vain to attempt to crush out or refute every false statement coined or forged to serve the purposes of misrepresentation in the heat of a political canvass, the friendly spirit of your inquiry has led me to make this emphatic denial.

Yours very truly,
GROVER CLEVELAND.

LOCAL NEWS.

Dr. Searles will remove his family from this city to Huntington.

Mr. W. M. Entler, editor of the Hartford City Telegram, was in the city Saturday.

The new vestibule trains will be placed on the Wabash the first of next month.

Dr. S. H. McCormick has moved from 98 Calhoun street to Fisher & Co's. new building.

An old distillery at Huntington which has been trying to burn down for many moons, finally got there.

Conductor George Martin, of the Wabash, is at Louisville to recuperate. He has been ill for some time.

The fall meeting of the Fort Wayne Presbytery will be held at the Presbyterian church in Huntington, this week.

Mr. Louis Rastetter very royally entertained a party of friends at his pleasant home on Broadway yesterday afternoon.

Miss Rose Roles, of Logansport, who has been here on a visit to her friend, Miss Kate Neuffer, returned home last evening.

Rev. J. H. Kline, of Fort Wayne, preached at Huntington yesterday. The German Reform church there gave a mission feast.

Kosciusko post G. A. R., of Warsaw, had a special train of five cars and carried with them a band and drum corps, to the Columbus encampment.

Miss Anna A. Dickinson will speak in this city Oct. 2, for the republican party. Miss Anna is quite a talker, by the way, but we didn't think the republicans would be forced to such dire necessities.

The Warsaw Times says: "Misses Emma and Mary Mommer and Mrs. Flager, all of Fort Wayne, have been the guests of Miss Ella Clayton, of this city. They will return to their homes to-day."

The Huntington Herald says: "Mrs. Lizzie Geithler, who, with Mrs. Zahm, of Fort Wayne, visited Columbus, Ohio, returned last night, and this morning Mrs. Zahm returned to her home in Fort Wayne."

Butler university opened last week. It is evidence of prosperity when the colleges show an increased attendance, and that is the case this year. The State university, besides Butler and nearly all similar institutions in Indiana, opened last week or will this and the student has been abroad in force.

The Lafayette Journal says: "Passenger train No. 43 on the Wabash, west bound, due here at 11:40 p. m., made one of the fastest runs on record last night. Andrews is seventy-eight miles east of here and the time from that city to this was eighty-one minutes, including seven stops. George Jenks was at the throttle and Al Cutter swung the lantern and punch. The passengers cut no figure in this run, as they were so awe stricken they could not express themselves. This is the best time that the Journal has ever heard reported on an Indiana railroad, and is certainly worthy of comment."

Has the Fidelity and Casualty Insurance company, of New York, a right to operate in more than one kind of insurance in Indiana? This is a question that has troubled the auditor of state not a little, and which is now receiving some consideration. The attorney general holds that in the case of the Fidelity (under the laws existing in New York and Indiana) the auditor of state should only license the company to do one kind of business in Indiana. The company is transacting four kinds of business. The auditor of state is out of the city, and upon what ground (unless it be that the New York law has not been enforced against any Indiana company and that there is no occasion for retaliation) he has admitted the Fidelity cannot be stated definitely.

There were five funerals yesterday.

Mayor Mahler sent two plain drunks to jail to-day.

A doll dance will be one of the features of the railroad fair to-night.

The Catholic Knights of this city will go to Andrews next Sunday to attend the dedication of a new Catholic church at that place.

Mr. W. J. Kerr, the pension attorney, suffered a stroke of paralysis Friday and is now confined to his bed at his home on South Calhoun street.

Celery growing is receiving much attention from farmers in northern Indiana. In Elkhart county the cultivation is becoming quite an industry.

William Gillette's "Legal Wreck," which is now making a successful run in New York city, will shortly take the road and probably be seen here.

Miss Mary Golden, of this city, is visiting friends at Kansas City. She will make a tour of the west with a party of acquaintances before returning home.

"Held by the Enemy" comes to the Temple Monday evening next. If all productions were as good af this there would be no need of a critic at the play.

The supreme court of Indiana will meet next week. Since the adjournment in June, ninety-six cases have been filed with the clerk of court. When the court adjourned for the summer vacation there were on the docket 1,063 cases. This gives a present total of undecided cases of 1,159. The court in one year decides on an average about 500 cases. It is seen, therefore, that it is now, as it has long been, at least two years behind in its work. The necessity for an appelate court that will relieve the supreme court of many cases and enable it to dispose of its business promptly has long been urged by members of the court and by the press. The attention of the legislature will be called to the situation this winter.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and Hood's Sarsaparilla is worthy your confidence. It is peculiar in that it strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. Give it a trial.

Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass.
